

Pre-School Operational Hours

The half day programme runs from 8.00 am - 11.30 am. The full day programme runs till 3.00 pm.

The Prep class ends at 3.30 pm, P1 class ends at 4.00 pm and P2/P3 class ends at 4.30 pm.

We seek your kind support in bringing your child to school during the arrival period at 8.00 am so that your child can enjoy a welcoming and calm start to the day.

Vision

EtonHouse is committed to the pursuit of excellence and leadership in educational services and practice.

Mission

- Empowering each individual to be an enthusiastic life-long learner and confident global citizen of the future
- A curriculum focused on pedagogical integrity and research-based best practice
- Acknowledging and responding to each learner's potential
- An authentic partnership with families and the community
- Continual evaluation, improvement and quality assurance across the organization

Note from Junior School Deputy Principal

Dear Parents and Friends,

It's been a month after the summer holidays and all of us have settled in well back to school.

All our students have been enjoying the new classes added this semester: Khmer, Yoga, Music & Movement, Art, Computer and Swimming. Through these activities, our students are being moulded socially, emotionally and physically.

Our students have fun during these sessions and look forward to them every week.

From 13 to 16 September, we will be having our Parents Drop In sessions. These sessions are for parents to be updated on what their child has been learning in school and how they have been coping. In addition, this is essential for sharing of information between parent and teacher to better help our students.

Yours sincerely,
Ms Nicole

Dates to Remember

13th – 16th September: Parents Drop In

21st September: Primary Science learning outing

General Reminders

We strongly encourage students to wear their uniforms to school as we believe that uniforms are an important way for students to grasp a sense of community and belonging and help students identify with one another, fostering equality and compassion.

Feedback

We have an open door approach and value feedback from parents and friends. Please feel free to share feedback with me directly at nicole.p@ehis.co.

This month, we have been teaching our students about food wastage. During snack and lunch time, we encourage our students to only take a serving they can finish first and they can have more helpings later. Teaching our students to stop wasting food teaches them about responsibility, to value food and to value money. These are important life lessons.

Our pre-school students have been participating in many activities which further strengthen their fine motor development and independence.

Our Primary students have been brushing up on their core subjects - English and Mathematics. Everyday is a new day of learning and our students are slowly rising up to the increased workload. Students in Primary 3 have been introduced to a new subject – Science. Science includes topics such as diversity, cycles, systems, interactions and energy. science is the perfect subject to complement a child's natural curiosity and teaches our students about the world around them.
